- » Use the CCHD screening algorithm (AAP approved) to determine Pass/Fail status.
- » CCHD screening should be completed at 24 hours of age or soon after.
- » Include both oxygen saturation values along with Pass/Fail status.
- » Report final pulse oximetry results only.

### DO NOT LEAVE SECTION BLANK

Specimens collected after 24 hours of age must include:

- » Final CCHD screening outcome or
- » Reason CCHD screening was not completed

### EXCLUSIONS FOR CCHD SCREENING:

- » Oxygen supplementation
- » ECHO prior to scheduled screening
